

**MAPPING OF EXISTING TOOLS, PRACTICES AND
GUIDELINES TO ENHANCE THE QUALITY AND
EFFECTIVENESS OF INTERNATIONAL RULES**

4th Meeting of International Organisations
25 April 2017

Marianna Karttunen, Policy Analyst, Regulatory Policy
Division, OECD

Objective of mapping

- **Prepared by OECD Secretariat**, on basis of analytical work led until now
- To identify **existing co-operative *fora*, tools, practices and guidelines** to inform upcoming analytical work and prevent duplicating existing initiatives.
- **First draft of non-exhaustive, evolving document** that will be updated regularly, thanks to future comments and complementary information.

Overview

1. Cross-cutting tools on **quality of international rule-making**
2. Cross-cutting tools on **quality of domestic rule-making**
3. Cross-cutting initiatives to **evaluate IO governance and effectiveness**
4. **Specific / thematic approaches**

Cross-cutting tools on quality of international rule-making

Points for discussions

- What existing initiatives contribute to strengthening the quality and effectiveness of international norms and standards?
- How can the Partnership complement the efforts of existing initiatives and work with them?

Thank you
